## Hard-Skills

- Python • C/C++
- HTML/CSS • Java
- JavaScript • SQL • PHP
- MatLab

## Languages

English - C1  
French - C1  
German - A1  
Arabic - C2

## Certification

Python for Everybody  
by Michigan University

Machine Learning  
by Stanford University

## Interests

Cinema  
Books  
Video Games

## Profile

Hi . I'm Othmane. I am currently studying computer science at ENSEEIHT and I am looking for an internship in data-science. I am a motivated person , a quick learner and I like working as a team.

## Experience

**Back-end developer intern** June 2021 - August 2021  
Artisans Express Paris

- Transferring the web site to PrestaShop 1.7.
- Making the Web Site more dynamic
- Adding new features for the website (E.g : ChatBot)
- Tools used : **Java - PHP - JS - HTML-CSS**

## Education

**Computer science and Mathematics** 2020 - 2023  
INP-ENSEEIHT

**Preparatory Classes** 2018 - 2020  
Lycée d'excellence de Benguerir

**High School Diploma** 2017 - 2018  
Iqrae

## Projects

I-Google PageRank Algorithm with Ada .

II-Rescue Application with Java :

- In a scenario of a natural disaster , we created an app that connects to robots on the disaster map . It explores the map, updates it using the extracted informations and creates a suitable strategy to reduce the rescue time.

III-Facial reconstruction with Matlab :

- Using a data-set of faces , we try to reconstruct masked faces in real time using the PCA and K-nearest neighbors algorithm.
